

Felder CF 531 Professional Combination- **FELDER.**

The CF 531 Professional is a true all-rounder of wood-working. Top quality planing, thicknessing, moulding, cutting as well as an option for mortising - all in such a small area.

The professional equipment includes the 240 moulder fence, up to 2500mm sliding table, 1100mm outrigger and 2600mm crosscut fence ensures that even large scale work can be carried out with ease.

Please note machine images may show optional equipment.

Felder CF 531 Professional Combination- **FELDER.**

Stable, precision and high-performance fence

The planer fence: a masterpiece of engineering providing stability, precision and performance! The fence can be tilted with end-stops at 90° to 45°.

Long and heavy planer tables for excellent results

Long, heavy tables give you ample room and stability for any task.

Simple and accurate thicknessing

Thicknessing accuracy to one tenth of a millimetre with the use of the handwheel and its integrated digital display. Maximum thicknessing height is 220 mm.

Overview and features

See the benefit of a Silent-POWER cutterblock
