

Weinig HS Series Finger Jointer-

The HS finger jointing lines offer the ultimate quality in the high performance class.

The horizontal single board milling cutters are the fastest you can get on the world market. Up to 200pcs per minute in continuous run and 14 press cycles make the line a production giant. Heavy duty components such as automatic feed and front side control can be additionally integrated.

Weinig HS Series Finger Jointer-

Fast...very fast

Up to 180 timber pieces per minute can be processed on the dual single board shapers.

Automatic feeding by Lugloader

With the Lugloader you can achieve continuous feeding of up to 180 pieces per minute, regardless of the length of the workpiece.

A variety of options

Trimming saws, planer heads, TrimSaver, timber moisture meter, glue detection, cut-to-length saws, a spin feeder, stackers, etc etc. Grecon and Weinig will match an HS machine to your requirements.

Overview and features

Specifications

Minimum workpiece length	110mm
