Weima WL 600 Shredder-

Powerful drive

By electric motor, power belt and a robust gearbox

Interchangeable screen

Achieve consistent shredding results with the flexible, interchangeable screen. Adapt the screen to your needs. The smaller the hole diameter, the finer the shredded material that is discharged.

Safe material feed with load-controlled ram

The ram, which moves horizontally back and forth via hydraulics feeds the material to the rotor, with Weima this can be controlled or cycled automatically depending on the load.

Overview and features

Specifications

Rotor Speed (rpm)	80-125
Dimensions (W x D x H)	1.805 x 1.118 x 1.645mm
Weight	1.100kg
