

# Mafell A 18 Cordless Drill Driver PURE in T-MAX-

**mafell**

The all new generation drill driver A 18 from Mafell. In difficult situations the impulse mode delivers a critical boost, e.g. for releasing immovable screws or controlling the first few turns when drilling into smooth surfaces. With 4 magnetic bit holders on both sides of the battery holder, the desired bit is always to hand.

\*Battery is not included

## **Delivery specification:**

Cordless Drill Driver A 18:  
1 cordless drill driver A 18  
1 quick-release chuck A SBF 13  
1 quick-release bit holder A-SBH  
1 belt clip  
1 auxiliary handle

## Spirit levels

Two spirit levels clearly indicate the 90° angle when driving screws and drilling, horizontally and vertically

## Powerful 18V

More powerful than its predecessors, the 18V machines make light work of drilling even 68mm holes with an Auger bit in wood

## Anti-kickback

The electronic anti-kickback function provides extra safety by actively shutting down the motor and protecting the wrist against sudden twisting

## Overview and features

### The all new generation drill driver A 18 from Mafell

- In difficult situations the impulse mode delivers a critical boost, e.g. for releasing immovable screws or controlling the first few turns when drilling into smooth surfaces.
- With 4 magnetic bit holders on both sides of the battery holder, the desired bit is always to hand.
- Bright LED lamps with an afterglow effect illuminate a large working area.
- Bits and push-fit accessories are inserted directly in the 1/4" drive.
- 43 mm diameter clamping collar fits all MAFELL BST drilling stations.
- To overcome the toughest challenges, we have given the new-generation A 18 an especially rugged specification and extra power.

## Specifications

**Voltage rating** 18V

**Weight** 1.2kg

Technical data:

Collar diameter	43 mm
Chuck capacity	13 mm
Max. drilling diameter in wood / steel	68 / 13 mm
Torque soft / hard	65 / 130 Nm
Impulse torque (soft)	65 Nm
1st speed range	0 - 560 1/min
2nd speed range	0 - 1960 1/min
Dimensions (L x W x H)	145 x 79 x 201 mm
Nominal voltage	18 V
Torque settings	10 + 1
Vibration (measured in metal/reinforced concrete) <	2,5/- m/s <sup>2</sup>
Noise level dB(A)	73
Sound power level (LwA) dB(A)	88
Weight	1,2 kg

Specifications are subject to change without notice.
